EDUCATION

LaunchCode, LC101 Programming Course — 2020

College Name, Saint Louis Community College — 2018 - 2020

PROJECT EXPERIENCE

TrailTracker — Trail Search Engine

- Designed and constructed an application to easily search trails by utilizing features such as category filtration and selection (duration, paved/unpaved, pets allowed, etc.), user ratings, and location.
- Interactive, functioning map API to indicate location of trails.

WORK EXPERIENCE

Retail Checker, Courtesy Clerk, and Stock Associate —

Global Foods Market, 421 N Kirkwood Rd, Kirkwood, MO 63122

May 2018 - Present

- Assisted in management of front-end workflow by handling 100+ transactions a day, informing customers about specific products in season, and providing helpful, informational responses to their inquiries and assistance to specific needs.
- Communicated with team members to resolve conflicts and devise structured, systematic productivity and achieve efficient time management.
- Trained, advised, and supervised new employees for checker, courtesy clerk and stock associate positions.
- Collaborated with store owner to redesign or modify displays weekly for special deals, events or holidays.
- Responsible for managing, organizing, and restocking inventory. Calculated and properly made out orders for product shortages. Assisted in shipment unloading.
- Eliminated expired products from shelves, sanitized equipment and environments previous to each transaction, maintained and enforced safety policies.
- Consulted and actively listened while receiving feedback from customers and sorted out any concerns or conflicts.
